- **On October 15, 2020, the Company announced an agreement to sell substantially all of the assets QCM, LLC, its registered investment advisory business, in order to streamline business lines**

“Since the Company has now successfully filed its past due 10-K and 10-Qs, this quarter marks the first opportunity where the Company can issue a standard earnings release with more traditional tables and discussion around results. In the time since my appointment as CEO, we have worked tirelessly to bring finality to the 2019 financial reporting and the 2020 interim quarterly reports. The process was complex and time-consuming. In this most recent quarter, Sterling is reporting a loss of \$111,000. The loss is primarily attributable to the significant and on-going costs of the various investigations and remediation efforts to bring the Company into full compliance with regulatory standards and to continue our total cooperation with federal authorities as they review Sterling’s past practices and accountable individuals. The volume of remedial work remains substantial, but our management commitment to successfully address the outstanding issues is strong. We are committed to establishing a strong internal control environment with full transparency to the board, to our regulators and our professional advisors,” said Thomas M. O’Brien, Chairman, President, and Chief Executive Officer.

Credit quality metrics continued to face pressures particularly in the commercial real estate and construction loan portfolios, but began to stabilize in the residential real estate portfolio. Residential forbearances, which generally consist of a 120-day deferral of principal and interest with an extension of the loan’s maturity date, remain on 68 loans with balances totaling \$35.7 million. Commercial real estate loans with individually-tailored forbearances remain on 7 loans with balances totaling \$18.7 million.

<b>Forbearance Composition</b>	<b>September 30, 2020</b>	<b>June 30, 2020</b>	<b>March 31, 2020</b>
Residential real estate	\$ 35,740	\$ 118,793	\$ 70,288
Commercial real estate	18,674	7,029	-
<b>Total loans in forbearance</b>	<b>\$ 54,414</b>	<b>\$ 125,822</b>	<b>\$ 70,288</b>
Loans in forbearance to total loans	2.03%	4.55%	2.47%

## Balance Sheet

**Total Assets** – Total assets of \$3.937 billion as of September 30, 2020 grew by \$198.1 million, or 5%, from \$3.739 billion at June 30, 2020.

Liquid assets, including cash and investment securities, increased \$284.8 million, or 32%, to \$1.166 billion compared to \$881.1 million at June 30, 2020.

Total loans held for investment of \$2.676 billion as of September 30, 2020 declined \$88.6 million, or 3%, from \$2.764 billion at June 30, 2020. During the third quarter of 2020, Advantage Loan Program loans totaling \$30.9 million were repurchased pursuant to previously disclosed offers to repurchase 100% of previously sold Advantage Loan Program loans from third-party investors. These loans were evaluated and considered to be performing at the acquisition date.

**Total Deposits** – Total deposits of \$3.095 billion as of September 30, 2020 increased by \$203.1 million, or 7%, from the prior quarter. Money market, savings and NOW deposits increased \$102.2 million, or 8%, and time deposits increased \$107.3 million, or 7%, compared to June 30, 2020. Non-interest bearing deposits decreased \$6.4 million, or 9%, compared to June 30, 2020. Brokered deposits included in time deposits decreased during the quarter to \$42.8 million from \$92.8 million at June 30, 2020.

“The Company has seen a steady increase in deposits. Part of this was due to the need to build liquidity with respect to the Advantage Loan Program loans previously sold to investors. As we recently disclosed, we have notified all such investors of the potential breaches of representations and warranties with respect to the sold Advantage Loan Program loans and offered to buy back all such loans from their portfolios or securitizations under the terms of the various loan sales agreements. To date we have re-acquired approximately \$70 million in previously sold Advantage Loan Program loans. There are \$472 million loans remaining with various investors,” O’Brien stated.

**Capital** – Total shareholders’ equity was \$331.1 million as of September 30, 2020 compared to \$331.4 million at June 30, 2020. The Bank exceeded all regulatory capital requirements required to be considered “well-capitalized” as of September 30, 2020, and the Company exceeded minimum regulatory capital requirements as of such date, as summarized in the following tables:

	<b>Adequately Capitalized</b>	<b>Company Actual at September 30, 2020</b>
Total adjusted capital to risk-weighted assets	8.00%	22.17%
Tier 1 (core) capital to risk-weighted assets	6.00%	17.46%
Common Tier 1 (CET 1)	4.50%	17.46%
Tier 1 (core) capital to adjusted tangible assets	4.00%	8.64%

	Well Capitalized	Bank Actual at September 30, 2020
Total adjusted capital to risk-weighted assets	10.00%	21.30%
Tier 1 (core) capital to risk-weighted assets	8.00%	20.03%
Common Tier 1 (CET 1)	6.00%	20.03%
Tier 1 (core) capital to adjusted tangible assets	5.00%	9.90%

**Asset Quality and Provision for Loan Losses** – Provision for loan losses of \$2.1 million was recorded for the third quarter compared to \$4.3 million for the prior quarter and \$0.3 million for the third quarter of 2019. The allowance for loan losses was \$48.3 million, or 1.80% of total loans, an increase from \$46.9 million, or 1.70% of total loans, and \$21.2 million, or 0.72% of total loans at June 30, 2020 and September 30, 2019, respectively.

Net charge-offs during the quarter of \$0.8 million were recorded compared to nominal net recoveries in both the second quarter of 2020 and the third quarter of 2019.

Nonperforming assets totaled \$98.3 million, or 2.50% of total assets, an increase from \$77.3 million, or 2.07% of total assets at June 30, 2020. Nonperforming construction loans of \$46.2 million increased by \$13.7 million, and nonperforming commercial real estate loans of \$14.2 million increased by \$9.6 million. Nonperforming residential real estate loans were \$36.7 million compared to \$37.6 million in the prior quarter. Total loans delinquent 30 days or more increased during the quarter to \$148.0 million, or 5.52% of total loans, from \$144.9 million, or 5.24% of total loans, at June 30, 2020 due to a \$31.2 million increase in construction loan delinquencies offset by \$21.0 million and \$8.2 million decreases in residential real estate and commercial real estate delinquencies, respectively.

“In the last few months, we have reshaped our lending practices, brought in experienced senior talent and placed a strong emphasis on risk acceptance standards. This is most especially seen in the commercial and construction lending areas where we have refocused our efforts on more traditional bankers’ conservative underwriting standards. Unfortunately, there are legacy issues in these portfolios that require close oversight and evaluation. Our credit quality metrics reflect this attention. We anticipate some continued weakness in these portfolios and will undoubtedly see some losses develop. In addition, credit has been stressed with the impact from the COVID-19 pandemic and its dramatic impact on the global economy. Our forbearance levels have, however, continued to decline from the June 30 peak. We will continue to work cooperatively with our borrowers as circumstances may require,” said O’Brien.

## Financial Operating Results

**Third Quarter Earnings** – A net loss of \$111 thousand was recorded during the third quarter of 2020, or \$(0.00) per diluted share, compared to net income of \$2.9 million, or \$0.06 per diluted share, for the second quarter of 2020. Net income of \$13.9 million, or \$0.28 per diluted share, was recorded for the third quarter of 2019.

**Net Interest Income and Net Interest Margin** – Net interest income during the third quarter 2020 was \$25.7 million compared to \$27.0 million during the second quarter and \$30.0 million during the third quarter of 2019. The net interest margin of 2.74% for quarter ending September 30, 2020 decreased from the prior quarter’s margin of 3.08% and same quarter of last year of 3.70%. Net interest margin was impacted by a 47 basis point decrease in the average rate on interest earning assets, partially offset by a 16 basis point decrease in the cost of average interest-bearing liabilities as compared to the prior quarter. The decline in net interest income and margin was due primarily to balance sheet mix shifts as average loans for the third quarter of 2020 decreased \$103.8 million compared to the second quarter of 2020, while the average balance of lower-yielding securities and other interest earning liquid assets increased \$348.6 million over the same time period.

**Non-Interest Income** – Non-interest income for the quarter was \$1.1 million, a decrease from \$1.3 million from the prior quarter and \$3.2 million for the same quarter last year. The decrease from the third quarter of 2019 was primarily attributable to decreased gain on sale of loans, as sales volume decreased due to the termination of the Advantage Loan Program. Loan sales in 2020 have consisted entirely of conforming residential mortgage loans.

**Non-Interest Expense** – Non-interest expense of \$25.0 million for the third quarter of 2020 reflects an increase of \$4.9 million, or 25%, compared to the second quarter of 2020 and an increase of \$11.5 million, or 86%, compared to the same quarter of 2019. The increase was predominantly due to increased professional fees, which includes legal expenses as the Company continues to utilize the services of professional firms to assist with various previously disclosed challenges. Assessment of contingency liabilities during the third quarter did not result in any additional recorded expenses.

#### **Agreement to Sell Substantially All the Assets of QCM, LLC**

On October 14, 2020, QCM, LLC, doing business as Quantum Capital Management (“Quantum”), an indirect wholly-owned subsidiary of the Company, entered into an Asset Purchase Agreement to sell substantially all of its assets, which consist primarily of client advisory agreements. The closing of the transaction is subject to customary closing conditions and is expected to occur before year-end.

“We recently announced the signing of an agreement to sell substantially all of the assets of our RIA QCM, LLC. The transaction is a positive outcome for Sterling, Quantum employees and clients. We anticipate non-interest expense to decline in future quarters by approximately \$0.5 million as a result of the sale. As a result of the agreement, Peter Sinatra has resigned from the Sterling boards. Pete’s calm voice and knowledge will be missed in the board room, and we all wish him continued success in his future endeavors,” said O’Brien.

#### **Appointment of Two Independent Directors**

On September 22, 2020, the Board of Directors appointed Messrs. Denny Kim and Steven Gallotta as directors, effective upon receipt of regulatory non-objection from the OCC, which was recently received. The Board of Directors has determined that Messrs. Kim and Gallotta are independent directors under applicable Company and Nasdaq standards.

“The Board of Directors continues to be actively engaged in all of our remedial efforts, and we are very pleased to welcome two new directors to the boards of the Company and the Bank. Denny Kim joins the boards from a background heavy in community bank investment analysis and with substantial experience in the private equity space where he served as Vice President at WL Ross and Co. Steven Gallotta joins the boards after a long career as a partner at KPMG, LLP, the international Big 4 accounting firm. Steve has extensive experience in public company financial reporting and analysis in the financial services space. Both Denny and Steve will bring added expertise to our board deliberations,” O’Brien stated.
